

ÍLLIOS

Manuel Samaniego y Bernardo de Legarda

A modern, multi-story residential building with a complex, geometric facade. The building features large glass windows and balconies, many of which are illuminated from within, creating a warm glow against the twilight sky. The architecture is characterized by dark, angular frames and light-colored panels. In the foreground, there is a lush green lawn with some trees and a small structure, possibly a gazebo or playground equipment, partially visible on the right. The overall atmosphere is one of sophisticated and exclusive urban living.
